

## Guest house neruyama

Tawarayama Onsen area, in the city of Nagato, has been a recuperation spa resort since the Heian ancient times. 「Machi no yu」 and 「Hakuen no yu」 are the two spas in the town and are the main part of its central street. As the NERUYAMA guest house has not a spa inside its facilities, all the guests go across the street in the afternoons to enjoy one of the spas and return to take a rest and then get ready for the luxurious dinner at the TABEYAMA restaurant where every guest can enjoy delicious food unique to this region prepared by a superb famous chef.

The buildings of the guest house were constructed in the Showa era but they were renovated in July 2020 to offer service to the public in such a way that now it is possible to take advantage of its low prices and very convenient stay plans.

You are welcome to NERUYAMA guest house at anytime!
